CURRENCY AND FINANCE—PAPER CURRENCY.

Simsa, the 1st October 1929.

No. 2408-F.—The rate at which the sovereign and the half-sovereign are legal tender in India has been altered from Rs. 15 to Rs. 10 per sovereign by the Indian

Coinage (Amendment) Act No. XXXVI of 1920. Also, the Indian Paper Currency (Amendment) Act No. XLV of 1920 authorises the issue of currency notes against sovereigns and half-sovereigns at the new rate of Rs. 10 per sovereign and against gold bullion at the corresponding rate of Rs. 1 for 11·30016 grains troy of fine gold. The Government of India have accordingly decided that, with effect from the 1st October 1920, sovereigns and half-sovereigns shall be valued at the rate of Rs. 10 per sovereign and gold bullion at Rs. 1 for 11·30016 grains troy of fine gold in all Government accounts inclusive of the accounts of the Paper Currency and Gold Standard Reserves.

2. Gold mohurs will however continue to be valued at Rs. 15 each in all Government accounts except those of the Paper Currency Reserve. Mohurs can now be held in that Reserve at their bullion value only, and when it becomes necessary to place mohurs in the Reserve hereafter, the difference between their equivalent at the 15 rupees rate and the value at which they can be held in the Reserve will be treated as an item of expenditure of Government.

3. All gold and securities held in the Paper Currency Reserve on the 1st October 1920 will be revalued in accordance with the provisions of the Paper Currency (Amendment) Act No. XLV of 1920, and the deficiency in the Reserve resulting from the revaluation will be made up by twelve months' Treasury Bills of the Government of India issued by the Controller of the Currency to the Reserve.

PENSION AND PENSIONS.

India, the 25th September 1920.

No. 1217 C.B.R.—In paragraph 1 of Resolution No. 1016-P.A., dated the 25th November 1919, it was held down that the revised pension rules published with that resolution were applicable automatically to officers joining the services or appointments specified in those rules after the 25th August 1919, whereas officers in service on that date could exercise the option of electing for the old or the new pension rules. It has, however, been brought to notice that officers who were appointed by the Secretary of State in England during the year 1919 had been informed that they would be subject to the old pension rules. It follows that those who were appointed during the year 1919 as the understanding was, though they joined their appointments after the 25th August 1919, should have the same option between the old and the new rules as officers already in service on the 25th August 1919. The Government of India are therefore pleased to notify, with the approval of the Secretary of State, that the option of choosing between the old and the new pension rules is extended to all such officers. This option must be exercised before the 1st January 1921.

(2) The amount of income tax assessed in the year preceding that for which super-tax is to be charged must not be deducted from the income share in section 1 of the form. For the purpose of the return income-tax deducted at its source in respect of the dividends of companies and interest on securities should be added to the amount actually received by the assessee in order to ascertain the sum liable to super-tax.

(3) The assessee is at liberty to add to the form any such subsidiary accounts as he may wish to make the meaning of his return clear.

No. 326.—In exercise of the powers delegated to him under section 43, sub-section (1), of the Indian Income-tax Act, 1918, the Governor in Council is pleased to make the following rules for the regulation of forms under section 3 (13-A) of the aforesaid Act:—

2. The application referred to in rule 1 shall be made in Form 1 annexed to these rules and shall have attached to it a statement which shall be signed and verified by the partner or partners in the same way as he and shall contain the following particulars:—

- Names and extent of interest of each partner and the share of profits allotted to him.

(2) The location, if any, of the firm and the place or places where they are situated.

3. The application shall be accompanied by the signed statement of partnership under which the firm is constituted together with a copy thereof provided that if the Collector is satisfied that for some sufficient reason the original instrument cannot conveniently be produced, he may accept a copy of it certified in writing by one of the partners to be a correct copy and in such a case the application shall be accompanied by a duplicate copy.

4. On the production of the original statement of partnership or on the acceptance by the Collector of a certified copy thereof, if he is satisfied that the particulars in the application are correct and complete, there is a register kept for the purpose the particulars of the application shall be entered in writing at the foot of the instrument or copy, as the case may be, the following certificate, namely:—

"This statement of partnership (or this certified copy of an instrument of partnership) has this day been registered with me the Collector of Income-tax for the district of _____ under clause 12 (A) of section 3 of the Indian Income-tax Act, 1918. This certificate of registration has effect from the _____ day of _____ 19____."

(3) The certificate shall be signed and dated by the Collector who shall thereupon return to the applicant the instrument of partnership or the certified copy thereof, as the case may be, and shall retain the copy or duplicate copy thereof.

5. If the Collector is not satisfied that the particulars in the application are correct and complete, he shall not issue the certificate and he may require the applicant to supply the missing particulars or to apply to the Collector's satisfaction shall proceed to register and certify the application as laid down in rule 3. In default of the appearance of the applicant or his agent or agent the Collector may without assigning reasons reject the application for registration and his order shall be final.

6. If an application under rule 1 is made in any financial year not later than the last date fixed under section 11 of the Act for the furnishing by the firm of the return mentioned therein or

then such later date as the Collector may fix for the making of the application, the certificate of registration granted under rule 4 shall have effect from the beginning of that year.

7. A certificate of registration, granted under rule 4 shall, save as hereinafter provided in these rules, have effect up to the end of the financial year in which it is granted, but shall be renewed by the Collector from year to year on application made by him in accordance with or before the date on which the renewal is required by section 17 of the Act as amended, and accordingly by a certificate signed by one of the partners of the firm that the constitution of the firm as specified in the instrument of partnership remains unaltered. Such renewal shall have effect from the beginning of the financial year in which it is made.

8. If at any time the firm, or one to be constituted under the instrument of partnership registered with the Collector or any addition to or alteration of the instrument of partnership is made, the certificate of registration of the firm shall cease to have effect from the date of such addition, addition or alteration; provided that if notice is given to the Collector accompanied by a fresh application under rules 3 and 4, a certificate of registration granted on such application shall have effect from the said date.

DEPARTMENT OF COMMERCE.

TRADE AFTER THE WAR.

No. 2688, 25th October 1926.

No. 2688.—The following Notice to Importers in Great Britain and Ireland and to Exporters in British Overseas Dominions on the subject of preferential duties of Customs in Great Britain and Ireland on goods consigned from and upon, produced, or manufactured in the British Empire issued by His Majesty's Board of Customs and Excise is published for general information in furtherance of the Department's Notification No. 1245, dated the 29th September 1920:—

NOTICE TO IMPORTERS IN GREAT BRITAIN AND IRELAND AND TO EXPORTERS IN BRITISH OVERSEAS DOMINIONS.

Preferential Duties of Customs on Goods from Great Britain and Ireland in goods consigned from and upon, produced, or manufactured in the British Empire.

1. With a view to conferring a preference in the rates of Customs on goods, the duties of Customs on the goods specified in Appendix A are charged at the reduced rates shown in the second column of that Appendix, provided the goods are shown on the declaration of the Commissioners of Customs and Excise to have been (1) consigned from, and (2) grown, produced, or manufactured in, the British Empire. The "British Empire" for this purpose means all British Dominions outside Great Britain and Ireland, including British India and India, Malaya, Ceylon, and all British Protectorates. Any territories which may hereafter come under His Majesty's Protection, or in respect of which a Manifesto of the League of Nations may be issued by the Government of any part of His Majesty's Dominions, may be included by Order in Council.

2. Goods are not deemed to have been manufactured in the British Empire unless such proportion of their value as is prescribed by regulations made by the Board of Trade (printed as Appendix B) is the result of labour within the British Empire. This provision has for the present been fixed at 25 per cent of the factory or works cost in the manufacturer for all manufactured articles except manufactured tobacco, refined sugar, molasses, and extracts from sugar, for which the proportion is fixed at 5 per cent (see paragraph 3).

Each article is to be considered separately in applying the percentage test. The factors which may be taken into account in ascertaining the total value and the proportion of Empire labour are laid down in Regulations 4 and 5 (Appendix C).

Where manufactured goods are not liable to duty in themselves, but only in respect of the dutiable ingredients or ingredients they contain, preference may only be granted in respect of such of the ingredients as themselves satisfy the requisite conditions (see paragraph 3-(b) (iv)).

3. Where the Board of Trade is satisfied on reports any class of goods in which the preferential rates apply that these articles are in a considerable extent manufactured in the British Empire from materials which is not wholly grown or produced in the Empire, the Board may by order direct that the preferential rate shall be charged only on so much of such proportion of these goods as corresponds to the proportion of dutiable material used in their manufacture which is shown to have been grown or produced in the Empire.

This provision has been applied by Order of the Board of Trade (Appendix D) to manufactured tobacco, refined sugar, molasses and extracts from sugar, e.g., syrup. It is in view of this limitation that the percentages under paragraph 2 have been fixed as low as 5 per cent for these articles, the combined effect of the two rules being to allow preference where any of these articles are the result of an appreciable amount of Empire labour, but to confine it to the extent to which the dutiable article is the result of Empire material.

4. The dutiable articles which for the purpose of charging the preferential rate are considered as manufactured articles are—

Refined sugar.

Upland.

Molasses and extracts from sugar (e.g., syrup).

Barbadoes.

Manufactured tobacco.

Chemical and glass.

Minerals, gums, resins, etc.

Musical instruments, pipes, accessories, etc.

Clothes, watches, etc.

All other dutiable goods are regarded as growth or produce. The term refined sugar means sugar which has passed through a refinery.

5. Where goods are manufactured in a bonded factory in Great Britain or Ireland from dutiable material shown to the satisfaction of the Commissioners of Customs and Excise to have been consigned from, and grown or produced in, the British Empire, the duty on the goods is charged at the preferential rate to which they are shown to have been manufactured out of such material, be charged at the preferential rate.

This provision applies to sugar refiners and whose manufacturers who work in bond.

6. The preferential rate of duty must be claimed by the importer at the time of making entry. He is required in every case to substantiate the declaration on the entry that the goods were (1) consigned to the United Kingdom, from, and (2) the growth, produce or manufacture of, a part of the British Empire, by means of a certificate of origin in the approved form. He must also, if called upon to do so by the Officers of Customs and Excise, produce any other evidence of origin, such as the supplier's invoice, bill of lading, etc.

7. Certificates of origin are in three prescribed forms, illustrated in Appendix D, E and F to this notice. Each form can prove one separate certificate, viz.:-

(1) A certificate that the dutiable article is respect of which preference is claimed is the growth or produce (Appendix D), or the manufacture or raising (Appendix E) and (F) of a specified country in the British Empire. This certificate must be given, as regards Appendix D, by the grower, producer or supplier^a and as regards Appendix E by the overseas manufacturer. In the case of refined sugar, molasses and extracts from sugar, or manufactured sugar, the simplified certificate (Appendix F), giving also the proportion of Empire-produced dutiable material, must be given by the overseas manufacturer or refiner.

When, owing to local trade conditions, it is impracticable for certificates of origin in Form D to be signed by the grower, producer or manufacturer, there is no objection to the certificates being signed by those accredited agents in the country of origin having the necessary knowledge of the facts, provided that (1) the certificate clearly states that the agent is authorized to sign as 'agent of the grower or producer, and (2) the certificate is a printed one signed by a responsible member of the trading firm. This exemption does not extend to agents for exporters, nor to agents acting merely as carrying agents.

(2) A supplementary certificate to be given by the actual exporter is made when the grower, producer, manufacturer, refiner or supplier, who furnishes Certificates D, E or F, is not himself or by his agent the actual exporter and it is not in a position to give the particulars of shipment, destination and countries required to render the main certificate complete. This supplementary certificate is not however required to be given on Forms D, E and F, when the latter are given in conjunction only with Form FF (see paragraph 8), in which case the place is taken by a similar supplementary certificate on Form FF.

8. An additional form of certificate (Appendix FF) is required in conjunction with Forms D, E or F when the dutiable article is composed of which preference is claimed is an ingredient only of a composite dutiable article, and the latter therefore is liable to duty only by reason of containing the dutiable ingredient. This additional certificate is to be given by the overseas manufacturer of the composite goods, as evidence that the dutiable article, in respect of which preference is claimed and Certificate D, E or F has been furnished by the grower, etc., have been used in the manufacture of the composite goods. Certificate E is not required from the manufacturer of the composite goods, as they are not dutiable nor entitled to preference in themselves, but only by virtue of the dutiable ingredients they contain. The following examples are given by way of illustration. Manufactured sugar is chargeable to duty in respect of the raw sugar it contains and Certificate F should be given by the manufacturer, supported by Certificate D given by the grower, producer or supplier of the raw sugar. Cheese is chargeable to duty in respect of the raw milk and the refined sugar it contains, and Certificate FF should be given by the chocolate maker, supported by Certificate D from the grower, producer or supplier of the raw sugar, and Certificate F from the sugar refiner (either or both, according to preference is claimed for either the sugar, the sugar, or both). Jam and condensed milk (preserved) are chargeable to duty in the sugar they contain, and Certificate FF should be given by the manufacturer, supported by Certificate F from the sugar refiner.

Form FF also requires a supplementary certificate to be given by the actual exporter where the manufacturer of the dutiable goods who furnishes Certificate FF is not himself or by his agent the actual exporter, and it is not in a position to give the particulars of shipment, destination and countries required to render the Certificate FF complete. When this supplementary certificate is given on Form FF it is not to be given on the Form D, E or F relating to the dutiable ingredient.

9. It is to be noted that Certificates D, E and F are all now apply solely to the dutiable articles themselves (whether imported by themselves or as an ingredient) and that the title of any dutiable article in preference depends solely upon its fulfilling the conditions of Empire origin and growth, production or manufacture in itself, and without reference to any other ingredients with which it may be associated in composite goods.

10. If composite goods contain more than one dutiable ingredient (e.g., cocoa and sugar in chocolate and marmalade) the appropriate Certificates D, E or F must be given separately in respect of each dutiable ingredient for which preference is claimed, but one Certificate FF may be given to cover all dutiable ingredients contained in one description of composite goods, provided the whole quantity of each such ingredient used in the composite goods is covered by a Certificate D, E or F. If however any composite ingredient requires a proportion covered by a Certificate D, E or F and entitled to preference and a portion not so covered or entitled, a separate certificate FF must be given for each ingredient, showing the percentage thereof covered by the Certificates D, E or F. The preferential reduction of duty will be regulated accordingly.

For example, if the raw cocoa used in the manufacture of imported Canadian chocolate contains 40 per cent of Trinidad growth and 60 per cent of Venezuelan growth, separate certificates on Form FF must be given for the sugar and raw cocoa ingredients, and in the case of the latter the percentage covered by Certificate D must be stated. Preference in the proportion of 60 per cent will then be allowable as regards the portion of the duty charge attributable to cocoa.

11. If the Collector is satisfied by the production of the certificate or certificates he will forthwith admit the goods to duty as entitled to the preferential rate. The Collector may in any case of doubt or of an incomplete or informal certificate, call for the production of invoices, bills of lading or any such further evidence as he may require, but pending the production of such evidence he may, unless he has reason to suspect its accuracy, postpone the production of such goods on deposit of the full rate of duty, subject to adjustment, upon delivery of the goods to the preferential rate of duty without undue delay. In the case of goods entered to be warehoused, the Collector may allow the goods to be deposited in warehouse pending sufficient of the rate of duty to which they may be deemed to be liable.

^a By the term "supplier" is meant any person who, though not being the grower or producer, is the actual sender of the goods at the time of export to the United Kingdom, provided he has the requisite knowledge of the facts. Such persons should be careful to describe themselves in any certificate as "supplier" and not as "exporter" merely.

13. The preferential rates apply in the case of dutiable goods entered for warehousing, or already in bond, before the 1st September 1919 (in the case of tea before 2nd June, 1919), and the particulars of origin and origin as recorded in the official accounts are usually accepted. The same rule is applied in respect of Empire and non-Empire goods blended or put together in bond before the 1st September 1919. In the case of blends, duty will be charged at preferential rates on the proportion of Empire goods shown to be contained therein. It must be understood that where the official records are not sufficiently established, Empire origin and, as a result, the rates of proof in all cases rest by law on the importer.

14. In the case of Empire goods consigned to the United Kingdom which have been transhipped or have been shipped from a foreign port after arrival transit from the Empire country of origin, the importer at the time of making entry will be required to produce the through bill of lading or railway assignment note from the country of production to the United Kingdom in support of the certificate of origin. Where a through bill of lading or assignment note is not available, the invoice, land bill of lading or assignment note from the original point of origin and certificate of arrival or landing at, and exportation from the port of transshipment will be required. Such certificates are to be signed by the proper Colonial or Foreign Customs Officer at the port of transshipment, and in the case of the latter the signature must be vouched by the British Consular Authority. It is essential to prove that the goods were consigned from a port of the Empire to the United Kingdom, and not to a foreign country from which they were subsequently re-exported to the United Kingdom.

15. In the case of post parcels arriving from a port of the Empire if the contents are not susceptible for sale and do not exceed £10 in value for any one addressee, the following shall form of certificate fill, in the absence of ground for suspicion, be accepted as satisfactory evidence of origin for charging the preferential rate of duty, except in the case of manufactured tobacco, refined sugar, molasses and extracts from sugar:—

"The contents of this package are not susceptible for sale, and every dutiable article therein is the growth or product of, or a manufactured article in the course of at least one branch of its present value from the manufacture of (Empire country of origin)."

All other post parcels, including all parcels containing manufactured tobacco, refined sugar, molasses and extracts from sugar, etc., will be subject to the ordinary rules of evidence of origin applicable to merchandise generally as set out in the earlier part of this notice.

16. The preferential forms of Certificate of Origin are printed as Customs-Side Forms (Nos. 119 to 121), and may be obtained from H. M. Stationery Office direct or through the local agent.

17. Copies of this notice may be obtained at any Customs House or office of a Collector of Customs and Excise in Great Britain or Ireland.

OF

THE FORT ST. GEORGE GAZETTE.

MADRAS, TUESDAY EVENING, OCTOBER 26, 1926.

[Price, 6 pms.]

AUDIT ORDER OF THE MADRAS ELECTRIC SUPPLY CORPORATION WORKMEN'S CO-OPERATIVE SOCIETY, LIMITED, No. 813, BOM 1926-27.

The accounts of the Madras Electric Supply Corporation Workmen's Co-operative Society, Limited, No. 813, for the Co-operative year ending 30th June 1927, as audited by the City Inspector M. R. J. R. Joseph, F.I.C., are passed. Documents showing (1) Receipts and disbursements, (2) Funds and loss and (3) Assets and liabilities are furnished by him as appended to this order.

5. The number of members at the end of the year was 342 against 332 in the previous year. The paid-up share capital fell from Rs. 2,500-0-0 to Rs. 1,800-7-11, the number of shares involved being 115.

A temporary loan of Rs. 200-14-3 without interest, was obtained and repaid during the year.

A sum of Rs. 50-10-0 was spent under contingent charges (printing and stationery). The value of stock on hand at the beginning of the year was Rs. 41-11-0. During the year stock was purchased to the extent of Rs. 10,716-7-0. The value of stock at the close of the year was Rs. 25-11-0. The proceeds of stock amounted to Rs. 11,720-3-0. In the transaction during the year, the society earned a gross profit of Rs. 75-5-0. The amount of debt outstanding against members at the end of the year was Rs. 1,451-14-1.

The society closed during the year under review a net profit of Rs. 29-0-0, which, under by-law No. 10 of the society should be divided as follows:—

Twenty-five per cent or Rs. 7-2-0 to reserve fund and the balance shall be dealt with under sub-sections 3, 3 and 4 of the same by-law.

The society has not paid any sum to account of reserve fund although it was requested to do so by a year's audit order to remit Rs. 118-10-0 to the Madras Central Urban Board. The society has therefore, to pay under this item, a sum of Rs. 220-0-0 including (1) the amount of Rs. 0-0-0 for the year under review and (2) the amount of Rs. 1-0-11 being the undistributed profit for 1926-27. One general and two committee meetings were held during the year. The duties in the business transactions of the society during the year under report, is mostly due to the recent strike of the workmen employed in the Electric Corporation. The failure of a large number of workmen of the Corporation to return to duty after the cessation of strike, accounts, in the main, for the fall in the membership of the society. The Board of Directors are requested to take steps to revive the society whose membership has been diminished and appreciated by the workmen-members.
